Health guide for migrants in the Canary Islands

Go to a health center or hospital
as soon as possible.

Your health comes first.

Even if you don't have paperwork, urgent
care must be assessed and provided, and
then the corresponding procedures will
be carried out.

WHAT TO DO FIRST

- Go to the nearest health center or hospital.
- Bring your passport or ID if you have it.
- If you are not registered, ask to be registered.
They will help you.
- If you don't understand something,
ask them to explain it clearly.

IF IT'S AN EMERGENCY

If the situation is serious, don't wait.
Go to the emergency room right away.
**Urgent care must be provided even if
you don't have legal residency.**

IF YOU RECEIVE CARE AND THEN GET A BILL

Sometimes you may receive a bill or collection
letter after your care.
Don't worry, don't be afraid.
This bill can be reviewed, and in some cases
you can request a refund of the expenses.

Health
is a right
for everyone

UBUNTU TIP

**Your health is
the most important.**

Ask for help and
support if you need it.

IMPORTANT

A bill does not automatically
mean you have to pay it.
You can ask for it
to be reviewed.

Your right to health

Even if you don't have papers,
you have the right to urgent healthcare.

Get informed about your rights and what to do
if you receive a bill or need help with procedures.
